Revised Ordinance Governing
Post Graduate Degree Courses in Ayurveda
Ayurveda Vachaspathi -MD (Ay) / Ayurveda Dhanwantri-MS (Ay)- 2006

(In conformity with "Indian Medicine Central Council (Postgraduate Ayurveda Education) Regulations, 2005", vide The Gazette of India Notification published in Part-III Section IV dated February 4, 2005)

INTRODUCTION

Revised Ordinance Governing Ayurveda Vachaspathi MD (Ay) / MS (Ay) PG degree courses in Ayurveda - 2002, in conformity with Indian Medicine Central Council (Postgraduate Education) Amended Regulations, 1994, was notified on 8th November 2002, by Rajiv Gandhi University of Health Sciences, Karnataka, Bangalore. It was effective from 2002-2003 and onwards.

Central Council of Indian Medicine by the notification published in the Gazette of India on 4th February 2005, superseded the earlier (PG Education) Amendment Regulations, 1994 and issued Indian Medicine Central Council (Postgraduate Ayurveda Education) Regulations, effective from February 2005. In view of this RGUHS has published a fresh Ordinance called Revised Ordinance Governing Post Graduate Degree Courses in Ayurveda-Ayerveda Vachaspathi-MD (AY)/Ayurveda Dhanwantri-MS (AY)-2006 in this volume. It contains only Section I, describing Regulations pertaining to the PG courses. 4. Certificate regarding the recognition of college by C. C. I. M.
5. Completion of internship certificate from a recognised institution
6. Registration by State Ayurveda Practitioners Registration Board / Ayurveda Council
7. Proof of SC / ST or Category I, as the case may be

Candidates should obtain the eligibility certificate before the last date for the admission as notified by the University. A candidate who has been admitted to the postgraduate degree course register his / her name in the University within a month after paying the registration fee.

VI. Duration of the Course

The student shall have to undergo a study for a period of three years after admission, out of which first year shall be devoted to preliminary course and two years for speciality course.

VII. Medium of Instruction

Medium of instruction shall be English (with working knowledge of Samskruta to sebserve the study).

VIII. Method of Training

1. Intensive training shall be provided in classical knowledge along with comparative and critical study in respective speciality.
2. Emphasis shall be given on theoretical and intensive applied training and not in didactic lectures.
3. Students shall have to:
   a. acquire knowledge about the methods and techniques of research in the respective fields making use of Information Technology
   b. undertake responsibility in management and treatment of patients independently and deal with emergencies
   c. participate in the teaching and training programmes of undergraduate students or interns in the respective subjects
   d. acquire knowledge in the applied aspects of the fundamentals of Ayurved in the first year of the course
   e. acquire knowledge of independent work as a specialist during clinical training
   f. undertake training in teaching technology and research methods during the course of studies.
4. In the specialities of Shalya, Shalakya and Stri Roga and Prasutitantra, students shall have to undergo training of investigative procedures, techniques and surgical performance of procedures and management in the respective speciality.

IX. Attendance

1. A candidate pursuing PG Course in Ayurveda shall have to :
   a. study in the concerned department of the institution for the entire period as a full time student. No candidate is permitted to work in a clinic or Laboratory or Nursing Home or Hospital or Panchakarma centre or Massaging Centre or Ayurveda Centre or such other institutions while studying postgraduate course. No candidate should join any other course of study or appear for any other examination conducted by this university or any other university in India or abroad during the period of registration
   b. attend the hospital and other duties as may be assigned to them during the course of study.
   c. do house job duties and Clinical Registrar's duties in their respective departments during preliminary and final course.

d. attend special lectures, demonstrations, seminars, study tours and such other activities as may be arranged by the teaching departments.
e. attend hospital and other duties as may be allotted during the course of study. Every student is required to do house job duties and clinical registrar's duties in their respective departments during preliminary and final courses respectively
f. attend a minimum of 80% of training in each of the subject in all theory and practical assignment separately during each academic year of the course. Provided further, leave of any kind shall not be counted as a part of academic term without prejudice to minimum of 80% training period every year

2. Any student who fails to complete the course in the manner stated above shall not be permitted to appear in the University examination
3. Each year shall be taken as a unit for the purpose of calculating attendance

X. Monitoring Progress of Studies

Every candidate shall maintain a work diary and record of his/her participation in the training programmes conducted by the department such as journal reviews, seminars, etc. (please see Chapter IV for model checklists and logbook specimen copy). The work diary shall be scrutinised and certified by the Head of the Department and Head of the Institution, and presented in the university practical examination, if called for. Special mention may be made of the presentations by the candidate as well as details of experiments or laboratory procedures conducted by the candidate. The presentations will be assessed by the faculty members and peers using relevant checklists given in Section IV.

XI. Dissertation

1. Every candidate pursuing PG Degree Course in Ayurveda is required to carry out work on a selected research project under the guidance of a recognized postgraduate teacher. The results of such a work shall be submitted in the form of a dissertation.
2. The application for registration of the title of dissertation shall clearly mention the full title of the dissertation with a synopsis of proposed scheme of work indicating the familiarity of the student with the proposed theme of work, the name of the department and the name and designation of the guide or supervisor and co-guide, if any.
3. The dissertation is aimed to train a postgraduate student in research methods and techniques. It includes identification of the problem, formulation of a hypothesis, review of literature, getting acquainted with recent advances, designing of a research study, collection of data, critical analysis, and comparison of results and drawing conclusions.
4. Every candidate shall submit to the Registrar of RGUHS, in the prescribed proforma, three copies of synopsis containing particulars of proposed dissertation for registration

of topic within six months from the date of admission to the first year course or withi six months from the date of commencement of course, on or before the dates notified b the University calendar of events. The synopsis shall be sent through the proper channe

5. The registration of the student shall be cancelled if he / she fails to submit the title c dissertation and synopsis within the period specified as above
6. Such synopsis will be reviewed and the University will register dissertation topic. N change in the dissertation topic or guide shall be made without prior approval of th University.
7. Once the title for dissertation is approved by the University, the student shall not chang the title or the proposed theme of work without permission of the University
8. One copy of the synopsis of the dissertation shall be submitted to the Registrar, Centra Council of Indian Medicine as soon as the title is approved.
9. The subject of dissertation shall be practical oriented, devoid of unpromising specialitie and helpful in the development of Ayurveda. The subject of dissertation must be relate with the subject matter of the speciality offered by the candidate.
10. The dissertation shall contain the methods and data of the research carried out by th student on the problem selected by him / her and completed under the guidance of th teacher approved by the University
11. The dissertation should be written under the following headings
    i. Introduction
    ii. Aims or Objectives of study
    iii. Review of literature
    iv. Material and Methods
    v. Results
    vi. Discussion
    vii. Conclusion
    viii. Summary
    ix. References
    x. Tables
    xi. Annexure
12. The dissertation shall contain, at the end, a summary of not more than one thousand words and the conclusion not exceeding one thousand words.
13. The written text of dissertation shall not exceed 200 typed pages excluding references, tables, questionnaires and other annexures. It should be neatly typed with double line spacing on one side of the bond paper (A4 size, 8.27" x 11.69") and bound properly. Spiral binding should not be done.

14. A declaration by the candidate that the work was done by him / her should be included. It should be endorsed and certified by the guide, head of the department and Head of the Institution.
15. The dissertation shall be a literary presentation and suitable for publication either as such or in an abridged form.
16. Five copies of the dissertation thus prepared along with a CD shall be submitted to the Registrar (Evaluation), six months before final examination on or before the dates notified by the University.
17. No student shall be allowed to submit the dissertation before the expiry of one calendar year after approval of the topic and before six months of final year. Provided that the student shall continue his or her studies in the institution after submission of dissertation.
18. List of the approved titles of dissertation shall be submitted to the Registrar, Central Council of Indian Medicine as soon as the titles are approved.
19. Dissertation shall be evaluated by two external and one internal examiners appointed by the University.
20. Dissertation shall be accepted only after the approval of examiners appointed to examine it and in case of disapproval by one external examiner, the dissertation shall be referred to third examiner
21. If the dissertation is not accepted, the same shall be returned to the student with the remarks of examiners and the student can resubmit the dissertation after making necessary improvement in the light of examiner's report to the University within a further period of six months.
22. The student shall be permitted to appear for the examination of postgraduate degree course only after the examiners appointed for the purpose have approved the dissertation.
23. The dissertation when accepted shall become the property of the University and the permission to publish the same shall be obtained from the university. In no case it should be published before it is accepted.
24. One copy of the accepted dissertation will be kept in the University library, one with the concerned candidate, one with the concerned departmental library and one shall be sent to CCIM Library by the college.

Guide

1. The Guide or Supervisor shall be a postgraduate teacher of status of a Professor or Reader or Lecturer with at least five years of teaching experience in the subject. The qualification and teaching experience for a Professor, Reader or Lecturer shall be as per CCIM Regulations for postgraduate education in Ayurveda – 2005.

2. A Professor or Reader can register maximum **two students in each academic year an a Lecturer can register only one student in one academic year.**
3. A co-guide may be included provided the work requires substantial contribution from sister department or from another institution recognised for teaching or training b RGUHS. The co-guide shall be recognised postgraduate teacher of RGUHS.
4. Change of guide may be permitted by the prior approval of the University in the event o a registered guide leaving the college due to any reason or in the event of death of guide

XII. Schedule for Examination

There shall be two examinations as follows:

1. The Preliminary Examination shall be conducted at the end of one year afte commencement of the course as notified in the calendar of events.
2. The Final Examination shall be conducted on completion of two academic years afte passing preliminary examination.

The University will conduct two examinations in a year at an interval of four to six months betwee the two examinations. Not more than two examinations shall be conducted in an academic year.

XIII. Scheme of Examination

Eligibility
